Dear Ms. Fatin

Below, we have created a revenue projection. We forecast a rental income of **118,777 AED** (On 85% Occupancy Rate). This is **32% higher than the average long-term rental income in the area.**

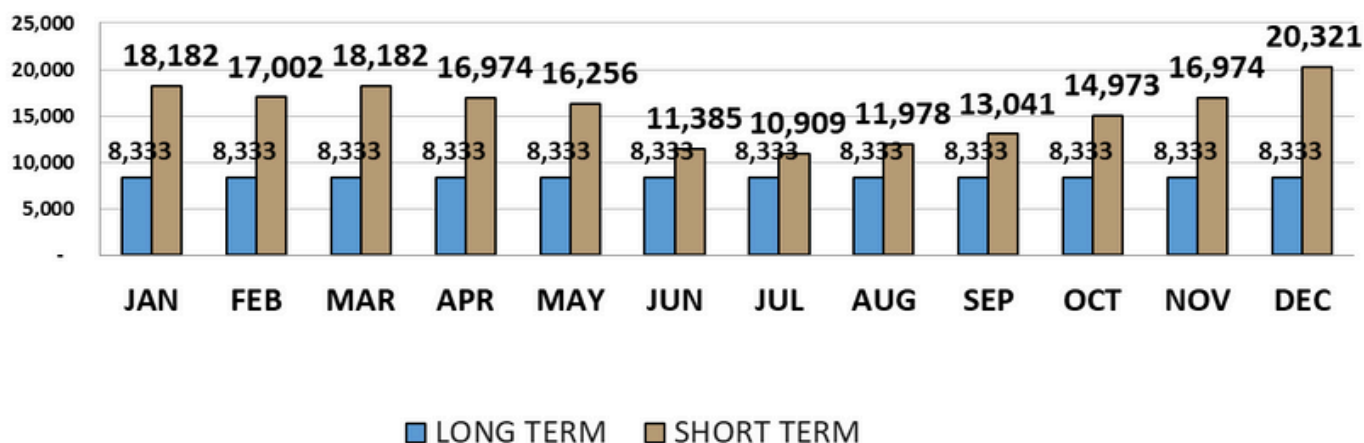

Please note this is a projection based on the information we have and the current market. Figures may vary over time depending on the market supply and demand.

Income Calculator

	Long-term rental	Holiday Homes (short-term rentals)					
Occupancy Rate	Classic	75%	80%	85%	90%	95%	100%
Gross Annual Revenue	100,000	139,632	148,941	158,249	167,558	176,867	186,176
Occupancy Rate 90%	90,000						
Internet/phone	-	4,320	4,320	4,320	4,320	4,320	4,320
Utility Bills	-	6,500	6,500	6,500	6,500	6,500	6,500
Maintenance	-	1,750	1,750	1,750	1,750	1,750	1,750
Management Fees (17%)	-	23,737	25,320	26,902	28,485	30,067	31,650
Total Expenses	-	36,307	37,890	39,472	41,055	42,637	44,220
Net Annual Income	90,000	103,324	111,051	118,777	126,503	134,230	141,956
Increased Rental Return		15%	23%	32%	41%	49%	58%

EXPECTED REVENUE

NOTE:

The above projections are projections based off historic performance data to give an indication of future performance. These projections do not reflect any sort of guarantee of future rental income. The property's actual rental income may vary from the above forecast.
